

Rideout House and Williston House

October 28, 2021

Dear Tenants & Families;

Cove Retirement Living remains committed to ensuring our tenants and staff are optimally protected in our facilities.

Achieving high Covid-19 immunization rates through vaccination is a significant part of the actions we can take to help prevent and limit the spread of Covid-19.

Cove Retirement Living is considered a "High Risk Setting" where we care for the most vulnerable. I would like to remind everyone that proof of vaccination is required in order to enter the facilities as well as all prior Public Health protocols still remain in place.

Should you have any questions or concerns please reach out to myself or Darren.

As always, thank you for your support.

Sincerely,

A handwritten signature in blue ink that reads "Cheryl Deveau".
